

School Library Friends,

AIME—the Association for Indiana Media Educators - is your school library professional organization. To quote from the association's bylaws, "The mission of the Association for Indiana Media Educators is to promote school library media centers in Indiana and foster the professional growth of its members." AIME values all library media specialists in our state; we know how hard you work for your students and your staff and what dedicated professionals you are. Our organization wants to provide the services and growth opportunities you desire.

To that end, AIME is conducting an online survey so that we will know what your wishes are. Some of you may already have received an e-mail link to this survey. If you have not received that link, you may access it from either of these URLs: <http://www.surveymonkey.com/s/2010AIMEMemberSurvey> or <http://www.surveymonkey.com/s/Non-AIMEMemberSurvey>. This survey is short, and should not take you long to complete. Please let us know what you think! We are interested in responses from all of you—both members and non-members of AIME. Perhaps we will learn some interests and concerns that we can address, thus making you or your colleagues more interested in renewing your membership to our great organization.

Your AIME Executive Board will use the results of this survey to make plans for 2010 and beyond. Already in the works are a wiki and a ning for AIME. The address for the wiki is <http://aimemembers.wikispaces.com>. It is open to all interested SLMS! The ning (still under development so come back often to check on our progress) is <http://aimemembers.ning.com>. We are planning to use these two tools to foster better communication among our colleagues.

We also have initial plans to provide more professional development opportunities for Indiana's school librarians. We are considering free (or very low cost) webinars or Skype sessions on topics of interest. I know that many of us value both the moral support and fresh ideas offered by our peers; we would like to help foster those relationships.

Survivor 2010 will be held on June 14 and will be a presentation on library advocacy, an important issue for all of us. We will provide further information on this AASL School Library Advocacy Institute as it becomes available. The ILF conference dates have already been set. Hope to see you November 15-17 in Indianapolis.
